For kids who want REAL action adventure, this is as real as it gets.

Did you ever want to stand at the edge of the cone of an active volcano? Or discover a lost world

where ancient temples rise above the jungle canopy? Would you like to paddle a dugout canoe, see monkeys, parrots, and toucans in the trees? Or visit "Planet Endor" from *Star Wars*?

Now's your chance. Come explore with Kevin & Daphne on a jungle adventure that will take you to mysterious Mayan Pyramids, volcanos, ancient cities, castles, and more.

What an adventure: 16th century Colonial cities, monkeys, Mayan temples, caves, parrots, volcanos, ...I didn't know all this was in Guatemala.

Did you know the Temple complex at Tikal had more pyramids than Giza in Egypt? I want to go!

A great book of adventure for the whole family, one you'll be able to read over and over again. A great travel reference.

Maps, photos, travel tips, and more.
