REAL
ADVENTURE
!!!**

For kids who want REAL action adventure; this is as real as it gets.

Come join Kevin & Daphne for some real cliff-hanging adventures as they visit the land of *Butch Cassidy*, and see dinosaur footprints, rainbow colored rock, lava beds, narrow canyons, volcanic craters, mines, Great Salt Lake, and enjoy some of the best climbing, skiing, and river-running in the country.

Utah: Simply one of the most inspirational places on Earth.

You can stand by 2000 ft. sheer drop offs, see dinosaur bones sticking out of the rocks, climb into volcanic craters and caves--that's Utah!

If you like natural beauty, you'll love Utah. And if you like action-adventure, you'll love the rock-climbing, mountain biking, river-running and other activities you'll find all around Utah.

A great book of adventure for the whole family, one you'll be able to read over and over again. A great travel reference.
